Frankfurt, 15.12.2021 The DIW companies belonging to the STRABAG Property and Facility Services group (STRABAG PFS) are now operating uniformly under the name STRABAG. This means that the real estate and industrial services provider STRABAG PFS now also offers industrial services, machinery, and system services as well as infrastructural facility management services under the umbrella brand STRABAG. The change of name to STRABAG Building and Industrial Services GmbH, STRABAG Aircraft Services GmbH, STRABAG Mechanical Engineering GmbH and STRABAG System Dienstleistungen GmbH has already been entered in the commercial register.

"With the rebranding, we are visibly bringing together our broad knowledge and expertise in the field of real estate and industrial services under the STRABAG brand. Nothing will change in business operations as a result. Thanks to a uniform and cross-company management organisation, we have already been successfully offering our customers integrated services for all types of property use from a single source for years," say Dr Marion Henschel and Martin Schenk, who are jointly responsible for the STRABAG PFS group and all associated companies.

With this step, STRABAG PFS is strengthening its brand presence on the market as an innovative service provider for properties of all types of use. Around 9,000 specialists work for the real estate and industrial service provider in Germany, Austria, Poland, the Czech Republic, and Slovakia.

STRABAG had acquired the DIW companies (DIW Instandhaltung GmbH, DIW Aircraft Services, DIW Mechanical Engineering and DIW System Dienstleistungen) already in 2014.
