- **STRABAG PFS continues successful performance of IFM and TFM for long-standing customer**

Frankfurt, 23 April 2020 STRABAG Property and Facility Services GmbH (STRABAG PFS) has renewed its existing contract for infrastructural and technical facility management with Vodafone for a further two years. STRABAG PFS therefore manages the telecommunications service provider's entire German property portfolio. The parties have agreed not to disclose the volume of the contract.

The portfolio comprises around 400 properties throughout Germany (with a total area of about 400,000 m²). These include the Vodafone shops, technical buildings, call centres, three data centres, various office locations and Vodafone's German corporate headquarters – "Vodafone Campus" – in Düsseldorf. In addition to building cleaning and groundskeeping, since the beginning of their cooperation five years ago, STRABAG PFS has been in charge of the maintenance and servicing of all technical installations relating to the building, including special facilities in particular.

"We are delighted to be continuing our cooperation with Vodafone in Germany and are thereby following our strategy of growth by expanding existing customer relationships. Furthermore, we are also bolstering our position as a leading, comprehensive property service provider with extensive expertise in technical FM and as a multi-service provider for telecoms companies," said Dirk Brandt, Managing Director of STRABAG PFS.
