Frankfurt, 13 April 2021 The state government of Rheinland-Pfalz, represented by the Landesbetrieb Liegenschafts- und Baubetreuung (LBB), has commissioned STRABAG Property and Facility Services GmbH (STRABAG PFS) with technical facility services for the State Chancellery (Staatskanzlei) in Mainz.

A corresponding contract was signed after a Europe-wide call for tenders with effect from 1.5.2021 for an initial period of five years with an option to extend. Implementation already began on 1.3.2021. The parties have agreed not to disclose the contract volume.

The agreed services include the maintenance, inspection and repair of all technical building systems and equipment as part of the operator's responsibility as well as a 24/7 on-call fault clearance service. STRABAG PFS provides the services with its own staff on site.

The Mainz State Chancellery is the seat of government of the Rheinland-Pfalz state government and consists of two buildings with a net floor area of around 8,400 square meters. The buildings date back to the 18th century and are under monumental protection. In 2009 they were completely renovated and equipped with new building technology.

"We are pleased about the commissioning, which also places high quality requirements on the technical operation of the facilities due to the high safety standards," says Andrea Jager, Managing Director at STRABAG PFS.

About STRABAG Property and Facility Services

STRABAG Property and Facility Services (STRABAG PFS) is a leading real estate and industrial service provider that supports its customers along the entire value chain and offers intelligent services for all types of real estate and property – from offices, industrial sites and plants, technology buildings and data centres to residential properties. Its service portfolio comprises real estate management; commercial, technical, and infrastructural facility management; construction in existing buildings and specialist industrial services. What distinguishes us, is a high level of vertical integration and services individually tailored to the customer, sector, and location. Besides Germany, STRABAG PFS also operates in Austria, Poland, Slovakia, and the Czech Republic. Please visit: www.strabag-pfs.com
