Frankfurt, 15.12.2022 STRABAG Property and Facility Services GmbH (STRABAG PFS) acquired the owner-managed ADOMUS Facility-Management GmbH on 1.12.2022. The Frankfurt-based company achieved a revenue in the double-digit millions with around 60 employees in the 2021 financial year.

ADOMUS' service portfolio covers the entire spectrum of FM services, which are provided from Hamburg, Munich, Hanover, Cologne, Frankfurt, and Duesseldorf. ADOMUS' customers are primarily institutional investors and property owners who attach particular importance to high-quality and service-oriented services. These services can now be provided with a high level of inhouse performance.

"With the acquisition of ADOMUS, we are not only further expanding our client portfolio and growing in a strategically important market segment. Together with the ADOMUS management and the highly qualified employees, our expertise in providing sustainable, innovative, and high-quality real estate services for demanding customers is also growing," says Dr. Marion Henschel, Chairwoman of the STRABAG PFS Management Board.

"We are pleased to continue to be a reliable partner for our customers within a strong alliance. This also increases our attractiveness for our employees," says Dirk Klein, Managing Director of ADOMUS Facility-Management GmbH.

The parties have agreed not to disclose the transaction details. The closing has already been completed.

### **About STRABAG Property and Facility Services**

*The STRABAG Property and Facility Services group (STRABAG PFS) is an integrated real estate and industrial service provider for all types of real estate and properties, leading in digital and technical expertise. We provide our customers with sustainable solutions in every phase of the property lifecycle - from offices to industrial and production sites, logistics centers to technical buildings and data centers. Our service portfolio includes technical and infrastructural facility management, property management, refurbishment and upgrading, and special industrial services. Our qualified employees provide all services in Germany, Austria, Poland, Slovakia and the Czech Republic - individually tailored to customers, industries and locations and with uniformly high-quality standards.
