Press release

STRABAG PFS acquires Romanian building services specialist Brenneka

Frankfurt/Bucharest, 11 November 2026

- **Acquisition of 100 per cent of the shares in Brenneka Install SRL and Samivo Instal SRL**
- **STRABAG PFS enters the Romanian market with this acquisition**

STRABAG Property and Facility Services (STRABAG PFS) has acquired 100 per cent of the shares in Brenneka Install SRL and Samivo Instal SRL, which are headquartered in Bacău and have a branch in Bucharest, Romania. The transaction was initiated in August 2026 and completed on 10 November 2026 following receipt of all necessary regulatory approvals.

With this acquisition, STRABAG PFS is entering the Romanian market and further expanding its presence in South-Eastern Europe. STRABAG PFS is one of the leading providers of integrated services for buildings, technical installations and critical infrastructure, and has so far operated in Germany, Austria, Poland, the Czech Republic and Luxembourg. Drawing on extensive technical and digital expertise, the group provides services in the fields of technical and infrastructural facility management, building services, property management and industrial services.

> With the acquisition of Brenneka, we are consistently pursuing our ‘build-and-buy’ strategy whilst simultaneously tapping into a market with significant growth potential. Brenneka has a strong market position and extensive expertise in the field of building services engineering. This enables us to expand our service portfolio in a targeted manner and lay an excellent foundation for the further development of our Building Solutions division in Romania and South-Eastern Europe. We are delighted to welcome all Brenneka employees as new colleagues at STRABAG PFS. Our aim is to continue the company’s successful development together and to capitalise on new growth opportunities.
>
> **Stefan Babsch**
> Managing Director of the STRABAG PFS Group

Brenneka’s history dates back to 2007. With over 215 employees, the company is currently one of the leading providers of systems for building construction and industrial construction in Romania. Its service portfolio includes heating, ventilation and air-conditioning (HVAC) systems, plumbing, electrical and automation systems, fire protection systems, municipal utility networks, planning and engineering services, as well as construction and fit-out works.
